DANCING LEAVES - DT5133

DESIGN & MANUFACTURING

The York Wallcoverings design studio's innovative styling marries each design to the perfect technologies. With every type of wallpaper printing press available in house at York, design interpretation through screen, gravure, rotogravure, surface, embossed vinyl, and digital presses become a canvas for self-expression. This essential hands-on creativity pervades the York manufacturing process, bringing each artistic vision to print reality.

York manufactures all wallcovering product types, including residential, commercial grade, high performance, acoustical, and peel and stick. Here, York's combined technologies, handcrafting, and authentic surface print techniques create a manufacturing mastery of heritage and innovation. Our design studio, manufacturing process, and distinguished heritage make York the preeminent provider of fine wallcoverings in the interior design industry.

Surface Print is the oldest automated printing method still in use today which utilizes raised images on an engraved roller to transfer colors to a continuous reel of paper. A heavy lay-down of inks, wet-on-wet printing, and a less exact image outline give this type of printing a very distinct look that is impossible to duplicate with modern presses.

Look for this logo throughout the catalog to find Surface Print Designs.

BURLWOOD OGEE

Authentic inlaid wood veneer with unique graining creates the natural trellis effect of pattern Burlwood Ogee.

AFTER EIGHT™

ABOUT THE COLLECTION

Opulent social evenings, filled with the best in art and entertainment, inspire a luminous vision of black tie and red-carpet events as key in the styling of modern luxury interiors.

ABOUT CANDICE OLSON

The Candice Olson aesthetic is built upon the love of reinterpreted classics. This contemporary take on tradition creates a look that is current, yet timeless. It is the essence of both beautiful design and a beautifully designed home.

NON-WOVEN

Non-woven is a blend of compressed natural cellulose and synthetic fibers that forms a high-quality wallcovering base. It does not expand and contract with moisture yet is breathable and resistant to tearing. Seams match simply, with paste being applied either to the wallpaper back or directly to the wall. Non-woven hangs and repositions with ease and removes in full strips. Once applied, the finish has a textural hand associated with upmarket installations.

ROLL SIZE

Unless noted with an asterisk (*), all double rolls of wallpaper in this collection are:

27" wide x 27' long totaling 60.8 sq. ft (68,5 cm x 8,2 m or 5,6 m²)

*20.8" wide x 32.8' long totaling 56.9 sq.ft (53 cm x 10 m or 5,3 m²)

**20.5" wide x 33' long totaling 56.4 sq.ft. (52,1 cm x 10,1 m or 5,3 m²)

***36" wide x 24' long totaling 72 sq. ft (91,4 cm x 7,3 m or 6,6 m²)

IMPORTANT

When you receive your order, please check to make sure that the design, color and quantity are correct. Also, please examine the wallcoverings for imperfections before cutting and hanging. We will replace defective merchandise, but will not be responsible for labor costs. Discolorations caused by unneutralized plaster or improper wall preparation are also not covered by this warranty.

RETURNS

Wallcovering returns must be pre-authorized and are subject to a restock handling charge plus return freight. All returns must be made within 60 days of our shipping date. Cut rolls are not acceptable for credit.
